

## **Provided Software Outline**

### **The CareTracker PM and EMR Suite**

CareTracker PM and EMR is a family of cloud-based products and services that simplify administration of physician practices and improve care by enabling physicians to spend more time with patients. Today, more than 15,000 health care providers nationwide use CareTracker PM and EMR modules together or in combination with other third-party practice management systems.

The CareTracker PM and EMR Suite is comprised of:

#### **CareTracker Practice Management**

Simplify practice management and boost efficiency with our cloud-based medical billing solution. CareTracker Practice Management is an application that helps your practice achieve greater efficiency by streamlining your administrative workflows while monitoring that you are paid accurately and on time for all the work you do.

#### **CareTracker Physician EMR**

CareTracker EMR is a 2014 CCHIT®-certified, cloud-based EHR solution that integrates fully with all the operational functions of the practice, helping you to achieve greater efficiency through smoother day-to-day operations. This simplicity strengthens the patient-physician experience, improves quality, and reduces costs. CareTracker PM and EMR offers attractive economics that facilitate essential improvements within your practice and is guaranteed to meet meaningful use requirements.

#### **CareTracker Provider Portal**

Referral Network is a secure, web-based provider portal that allows you to build a network of referring providers through a national database. Using CareTracker PM and EMR, providers can invite other providers who share the same patients, regardless of what billing system they are using.

#### **CareTracker Patient Portal**

CareTracker Patient Portal unites patients and providers with a secure, online, health care tracking web portal that streamlines information sharing and can be exported for use in an external EHR system

All of this included **without additional charge** to full-service billing and practice management clients. Training, support, and upgrades are included without additional fees.
